The Woman Colorado Women
Can Trust to Defend Our Rights

We've all heard the talk ...

The politicians in Denver and Washington
just keep fighting back and forth about
our personal reproductive rights.

"They're yours."

"They're mine."

"They're yours."

"They're mine."

**Many of these politicians
are men like Dan Kagan ...**

They just don't understand.

And they never will.

**Candice Benge will stand up
for Colorado women and defend
our reproductive rights from an
overreaching government and the
politicians who think they know
what's best for us.**

Candice Benge Understands.

Speaking Up for Us.

Standing Up for Us.
